

The final is in 680 SWKT from 7-10 AM this Saturday morning, April 15. There are 11 problems on it, and only a couple are conceptual. Some of them are pretty trivial problems, however. Four of them are from Chapter 12. We will be having a review session tomorrow, Thursday, April 13, at 3 PM in C247. I have the room scheduled from 3 to 5.

The last two finals I have given in 442 are posted by my door and in the solutions book in the office. Please do not take them; copy them and then put them back. And remember to leave a note in the office telling where the solution book is if you take it elsewhere in the building. Please do not take it out of the building.
